Re: Food Services

On October 20, 2021, the School Committee approved the following motion:

[by Andy Descoteaux]: Request that the administration re-assess the food quality offerings at our city schools.

We are continually reviewing and assessing the quality of the food provided to students. I have enclosed a report provided to me by Aramark on the state of food service as part of a preliminary response to this motion. Aramark also requested an opportunity to address the School Committee and is planning on bringing samples of what is offered within the cafeterias within the parameters of its current contract.
